THIS MONTH

Following the market correction in March, risk assets staged a significant rally in April

Stocks recorded some of their best weekly gains on record following continued stimulus from central banks, and some encouragement that trends in global coronavirus infection and hospitalisation rates had peaked, lifting hopes that stay-at-home orders might soon be eased and economic activity restarted.

Economic data across the globe was weak with many indicators already signalling a recession alongside stark unemployment data - for example up to 18% of the US workforce has applied for unemployment benefit since the outbreak of Covid-19.

GOAL ALLOCATION

The UN Sustainable Development Goals are the blueprint to achieve a better and more sustainable future for all. To help translate the Goals into the SIMPS PORTFOLIO we have aggregated them into our four Impact Themes.

We harness the interconnectivity of the Goals to create the SIMPS PORTFOLIO. **Tribe Theme 1** focuses on the boundaries that Nature sets; the ecological ceiling or planetary boundary. **Tribe Theme 2** focuses on the social fabric needed to ensure everyone thrives; the social foundation. **Tribe Theme 3** focuses on the economic and physical infrastructure needed to deliver **Tribe Theme 2** whilst respecting **Tribe Theme 1**; the fabric for delivery of the goals. **Tribe Theme 4** focuses on the political, cultural and legal systems and behaviours needed to drive the change required; the behavioural shift needed to succeed.

THE GRAPH REPRESENTS 80% OF THE SIMPS PORTFOLIO. THE REMAINDER IS CASH & FUNDS THAT CAN'T BE ATTRIBUTED TO ONLY ONE SDG.

TRIBE'S COMMITMENTS As dedicated impact wealth managers, Tribe are signatories to a number of important initiatives including the UN's Principles for Responsible Investment, UN Environment Programme Finance Initiative and HM Treasury's Women in Finance Charter.
